Hello Jackie,

I have the Third Party Sanitized Health Report available to send you via email but I would greatly appreciate if you could add your name to the authorization form you previously sent us. The name currently on the form is not listed in the PMN as a technical contact so we just need to have the authorization form match who is listed in the PMN submission. Sorry for the inconvenience. I will send you the password protected redacted report as soon as I receive the amended authorization form. Thank you.

Best,

Nathan,

Please find attached a signed copy of the authorization form you provided in your email yesterday. We trust that this will allow you to send us copies of documents related to finalizing this PMN, such as the final human health assessment report and the draft consent order.

Thank you for your continued work on our PMN.

Regards,
